VALUE IS NOT A NUMBER

PHILOSOPHY

HEIKEGANI & BOG OAK

History always brings forth energy. In our projects, we frequently utilise timeless materials to showcase the intricate work of our artists and craftsmen. One of our favourites next to amber stone is bog oak, which has been certified as having originated from trees planted in the year 0 AD. Additionally, our selection includes bog oak from the year 622 and even the oldest oak dating back 5,500 YO.

PERFECT FOR ART DECORATIVE SOLUTIONS

The challenges presented by our clients often lead us on a winding road towards discovering solutions. One such way is the incorporation of rare elements in our hand embroidery, adding an extra layer of value. Whether it's gold, amber, precious stones, or river bog oak, these materials hold more significance for us than just their monetary worth.
